GENERAL INFORMATION

ZeroPoint Intention Disc

Approx. 2.5 oz
2.5" in diameter
Poppy Jasper Stone

PRODUCT DESCRIPTION

The Intention Disc is a disc or pendant that is infused with frequencies that match the signature frequencies of cellular groups in the human body. It can be programmed by the user with specific intentions or goals which cause the disc to align the human body in attunement with the goal or outcome that is desired.

60 Embedded Frequencies

3 Skeletal	2 Circulatory	8 Organ	2 Lymph
4 Cellular	3 Ingestion	14 Immune	4 Cartilage
6 Respiratory	4 Brain	10 Symbolic frequencies*	

*The 10 symbolic frequencies carry the energy to clear memories in water. These memories can cause the human body to vibrate in a manner contrary to goals and intentions.

Characteristics of ZPG Intention Disc

The science of zero-point technology is a rapidly growing field of study. Of the many benefits discovered recently are the energetic healing and protective frequencies that ZeroPoint Global infuses into their products. These frequencies provide a number of life-enhancing benefits.

The Intention Disc is a group of composite mineral elements that make up a specially selected stone that encompasses specific frequency-based attributes. These frequencies match the signature frequencies of specific cellular groups in the human body.

Through its solid matrix of frequencies, the disc communicates with human cells through harmonics in much the same manner as two tuning forks that come into "attunement" when one tuning fork encounters the frequency of the other.

At the cellular level Intention Disc may assist in detoxifying frequencies that are not compatible with blueprint human frequencies.

For the highest efficacy the Intension Disc should be used in conjunction with wearing the ZPG pendant.

Results may vary from person to person based on the imbalance. This information has not been evaluated by the FDA and is not intended to treat disease, support human life, or to prevent impairment of human health; for frequency, self-education and research purposes only. Please seek professional help with health issues.

DIRECTIONS FOR USE

The following are suggested directions for use of the Intention Disc. *This information has not been evaluated by the FDA and is not intended to treat disease, support human life, or to prevent impairment of human health; for frequency, self-education and research purposes only. Please seek professional help with health issues.*

The Intention Disc has a capacity for up to three simultaneous intentions, goals or statements. It is best to begin with written goals or affirmations, stated in the present, with passion. Example: I am so grateful and excited now that I am receiving \$15,000 in pure profit every month and I am financially free. Any goal or intention may be used but it's best that the statement apply to the person that is programming and carrying the disc.

1. Write the stated outcome.
2. Review the content and ensure it is accurate.
3. Revise the statement if needed. Ensure it is stated in the present with passion.
4. Read the statement aloud six times to put it into short term memory.
5. Hold the Intention Disc in the left hand and repeat....It is by intent and purpose that I now program this disc with my intention to: _____.
6. Once a day bring your intention back to the brain so that the subconscious is mindful of your intent.
7. The Universal Library of Life in every cell of the body, through its spiritual consciousness will direct the intent to its fulfillment.
8. If you state more than one (1) intention; leave no more than ten (10) seconds between statements.

DIRECTIONS FOR CLEARING THE INTENTION DISCS

When intentions have been completed the Disc may be cleared to make room for new intentions.

To Clear the Disc:

"It is by Intent and purpose through my Higher Self, we will immediately clear all programs from this disc...Begin Harmonics Now!"
The disc is now "Open" for new intention statements.

DIRECTIONS FOR CLEARING LIQUIDS

For a 12 oz glass of water, place the disc under the container of water for approximately 10 seconds or approximately 2 min for a gallon or more. This applies to most other potable liquids. NOTE: The Intention Disc does not filter the water.
