NOTE: Bromelain is derived from the pineapple plant.

SF799 / 60 Vegetarian Capsules

EXCIPIENT FREE

This product does not contain wheat, gluten, corn, yeast, soy, egg, dairy products, or artificial colors, sweeteners, or flavors. This product also does not contain lactose, palmitic acid, or magnesium, calcium, or vegetable stearates.

HOW SUPPLIED

Phytoprofen® is supplied in bottles of 60 two-piece vegetarian capsules. Packed 12 bottles per case.

CONTRAINDICATIONS AND WARNINGS

This product is contraindicated in a patient with a history of hypersensitivity to any of its ingredients.

Bromelain is derived from the pineapple plant, and in individuals allergic to pineapple, skin rash (hives) has been noted.

Phytoprofen contains curcumin phytosome, which is a plant extract complexed with phosphatidylcholine, which is derived from soy. Phosphatidylcholine contains no soy protein. There are no other soy-based ingredients in Phytoprofen.

INTERACTIONS

Phytoprofen might reduce platelet aggregation and should be used with caution in an individual taking blood-thinning medications. Bromelain has anti-platelet activity and although there have been no reported cases, there is a theoretical concern that bromelain might interact with blood-thinning medications. Turmeric has speculative anti-platelet and anticoagulant effects.

As Curcumin, an active ingredient in turmeric, has been shown to reduce the therapeutic efficacy of cyclophosphamide (Cytoxan) in animal studies, the concurrent use of these two agents should be avoided.

PREGNANCY WARNING

A patient who is pregnant or nursing, or who might become pregnant, should consult a health-care practitioner before using this product.

DOSAGE

Adult patients: 1-2 capsules two to three times daily, or as otherwise directed by a health-care practitioner.

STORAGE

Store tightly sealed in a cool dry place, away from direct light. Keep out of the reach of children.
