PRODUCT DESCRIPTION

The ZeroPoint Earth Heart is a heart-shaped, adhesive “sticker” with proprietary frequencies embedded into fine crystals that are adhered onto it. These frequencies protect the body from harmful electromagnetic frequencies (EMF’s) and bring the body into balance and energetic homeostasis.

40 Embedded Frequencies

10 Herbal 30 Mineral

Ten herbal and thirty mineral frequencies are put together in a synergistic matrix. The Earth Heart transforms Electro-Magnetic Frequencies into a beneficial form of energy. The active substance in the Earth Heart contains proprietary organic compounds of natural earth elements. There are thirty minerals combined with ten herbal frequencies that catalyze the transformation process.

Life-Sustaining Protection

After repeated use, users report significant reduction of typical effects of regular exposure to EMF’s, such as cell phones, computers, computer monitors, hair dryers, microwaves, etc.

The science of zero-point technology is a rapidly growing field of study. Of the many benefits discovered recently are the energetic healing and protective frequencies that ZeroPoint Global infuses into their products. These frequencies provide a number of life-enhancing benefits:

- ◆ Transforms harmful effects of EMF exposure to balanced frequencies that may enhance physical body function
- ◆ Transforms Electro-Magnetic Frequencies into a beneficial form of energy
- ◆ Does not interfere with cell phone operation
- ◆ Works with any type of cellular phone
- ◆ Works with all electronic devices

Directions for Use:

Adhere ZeroPoint Earth Heart to any EMF-producing equipment such as a cell phone or hair dryer. It can be adhered anywhere on the device, but it is safest to adhere it to a hidden area, such as inside the battery case in order to reduce the possibility of loss.

REPORTED USES

The following are documented uses reported by users of the Earth Heart. *This information has not been evaluated by the FDA and is not intended to treat disease, support human life, or to prevent impairment of human health; for frequency, self-education and research purposes only. Please seek professional help with health issues.*

Man made EMF's are chaotic to the human body's energy system and create imbalances that negatively affect the physical body. Ultimately, these negative energy patterns disrupt the circuitry of the DNA and weaken the immune system. The metabolic operations may be reduced to a state whereby imbalances can cause cells to die.

The ZPG Earth Heart is a totally natural assemblage of "Green" natural health products. These natural health herbal and minerals are assembled in a synergistic manner that have a capability of transforming harmful waveforms into waveforms that are compatible with the human body.

The Earth Heart transforms Electro-Magnetic frequencies into a useable form of energy. The active substance in the Earth Heart contains proprietary organic compounds of natural earth elements. There are thirty minerals combined with ten herbal frequencies that catalyze the transformation process.

The matrix of natural earth materials help to maintain harmonic balance while being bombarded with EMF and ELF.

The Earth Heart serves as a transformer of harmful frequencies to forms that match body balancing needs.

To reduce the physical reaction to any device that emits harmful radiation, simply adhere the ZPG Earth Heart to the device, preferably to an area that is not exposed. Following are only some of the possible devices that emit harmful radiation:

These devices can be measured by a Gauss Meter:
