**ACUPUNCTURE MERIDIAN OPENING:** Shine the Naturalaser Pointer at tips of each finger and toe with the red light for several seconds. In addition, place the light on the lower knuckle of each finger to open these meridians to specific organs (Refer to Voll point chart)

**ADD/ADHD:** Run the Naturalaser Pointer around the ear lobes (auricular points), shine at middle of tongue, shine across the line at base of skull and up along the midline of the head. This can also be useful for autism and other learning and brain dysfunctions.

**ADDICTIONS:** Shine the Naturalaser Pointer on the edges of the ear, concentrating on the edge of the ear, just below the top back curve of the ear. Use several times a day while detoxifying.

**ASTHMA/BRONCHITIS:** Use the Naturalaser Pointer on the lungs by pointing it directly on the chest as close to the skin as possible for a few minutes or until relief occurs. May also be used on meridian points if they are known.

**BLOOD CLEANSING/ENERGIZING:** Shine Naturalaser Pointer 1" below navel for approximately 2 min.

**BUISES:** Shine the Naturalaser Pointer directly onto the bruise.

**CELL PHONES:** To reduce the physical reaction to your cell phone, shine the Naturalaser Pointer on your phone waving it around to cover the surface of the phone.

**EAR INFECTIONS:** Shine Naturalaser Pointer around earlobes, on mastoid bone behind ear and on Eustachian tube down into the ear. Also shine into ear canal to work on bacteria or fungus.

**EAR CONING/EAR CANDLING:** While coning or candling, run the Naturalaser Pointer along all ear points and Eustachian tube and back of the ear. Seems to allow ear to release more wax and yeast.

**GUMS: FOR RECEDING OR BLEEDING GUMS:** Shine the Naturalaser Pointer on area of concern for a couple of minutes a day.

**HEADACHES:** Shine the Naturalaser Pointer over the auricular points, across the neck at the base of the skull and from the top of the neck up the middle of the head to the crown and down. If the headache is suspected to result from food or hormonal issues, shine the Naturalaser Pointer onto the bottom of the web of muscles between the thumb and forefinger.

### Naturalaser Pointer User Testimonials ...

*"I have dealt with high blood pressure for numerous years. Recently, it had gotten so bad I believed it was time to write my final wishes for the benefit of my family. I had called my son to my house on a morning when my blood pressure was extremely high-something like 225 over 119.*

*While he was there, I had the thought of asking him to use the Naturalaser Pointer across my lower back and up and down my spine. He took a few seconds to do so and then I retested myself. My blood pressure had dropped considerably to 160 over 80. I asked him to use the Naturalaser Pointer again and retested. My blood pressure was normal! I have noticed in the weeks to follow that my blood pressure continues to rise, but as long as I use the laser every time, it is controlled! My only task is finding someone to run the Naturalaser Pointer up and down my spine as I live alone, but if that is the only challenge, I guess I can overcome that one! Gratefully,"*

BEFORE

AFTER

*I was smacking my shoe on wall to get the sand out. I forgot that is where the wasps are... I got stung right in the face... These guys sting really hard. A pain shot down through the whole side of my face immediately, my jaw felt tight... It brought me to tears, and the whole side of my face was swollen and very red even my nose, up to my forehead. I used the Naturalaser Pointer for a few minutes, on and off for a few hours.*

*My co-worker, who thought I would be like that for a day or two, could not believe how much the swelling and redness went down so fast!*

*– Sierra ~ Drake Bay, Costa Rica*
